Education

Rajiv Gandhi University of Knowledge Technologies, Basar <i>B.Tech in Computer Science and Engineering</i>	Expected 2027 CGPA: 8.48
Rajiv Gandhi University of Knowledge Technologies, Basar <i>Pre-University Course (PUC)</i>	2023 CGPA: 9.44
Carmel Convent High School	2021 GPA: 10

Skills

Languages: Python, C, C++, Java, JavaScript, Dart, HTML/CSS
Frameworks & Technologies: Flutter, Android Development, MERN Stack, Tailwind CSS, REST APIs
Machine Learning: Supervised Learning, Data Preprocessing, Model Building
Tools: Git, GitHub, Linux, Docker, CI/CD, Kubernetes, VS Code, Android Studio

Projects

Uplift | *MERN Stack, REST APIs*

- Developed a web-based emotional support platform enabling structured peer-to-peer interaction
- Implemented authentication, user profiles, and scalable backend for handling conversations
- Designed intuitive user flows to improve accessibility and engagement

Shopping Application | *Flutter, Firebase*

- Built a cross-platform mobile app with product browsing, cart management, and checkout
- Integrated Firebase backend for real-time data synchronization
- Developed responsive UI ensuring smooth navigation and usability

Gesture Canvas | *Python, OpenCV, Machine Learning*

- Developed a gesture-based AR drawing system using real-time hand tracking
- Applied computer vision and ML models for gesture recognition
- Optimized frame processing pipeline for smooth real-time interaction

Achievements

- Winner — Overnight Hackathon (Internal Round)
- Achieved 2-Star rating on CodeChef

Creative Skills & Interests

- Cinematography — Visual storytelling and composition
- Video Editing — Cinematic editing with strong narrative flow
- Cricket — Team player with discipline and consistency
